"Is it hot enough for you" to wan't to come to the seashore and let the wind blow through your whiskers?

It has been some time since Wilmington had the pleasure of a visit from Charles B. Aycock, LL. D., of Goldsboro.

Ex-Minister Herbert W. Bowen (dismissed) has reason to remember that what was "indiscretion" in Assitant Secretary Loomis would have been an awful offense, calling for the bouncer, on his part.

Herbert Bowen will know better hereafter than to throw mud at anybody in the official family circle of the administration. He should know that it is exceedingly embarassing to open the closet where the family skeleton is kept hid.

Dear Col. Paul Morton: It was necessary for the President to make a few scattering remarks to try to make us believe you are all right, but please be careful and don't get in any more positions which make it necessary for a President to do so much letter writing.

President Roosevelt tells Bowen that he was guilty of libeling Loomis, and that even if Loomis were guilty of the charges Bowen would have incriminated himself in peaching on him. Bowen can see now that a verdict of guilty was stowed away for him in Washington whether he proved his case or not.

President Roosevelt gave Secretary Paul Morton a certificate of exoneration as he was a member of a cabinet that has already had trouble enough, but now that Mr. Morton will not be a member of the cabinet after July 1st he had better not get caught doing anything else that will call for explanations on a scale so adroit and elaborate.

THE ARMOUR CLAIMS

Wording of Vouchers for Growers to Sign is Somewhat Beclouded

TO CLEAR THE SITUATION

Shippers Advised To Hold Checks Until Company is Heard From—No Sharp Practice is Suspected, But Attorney is Cautious.

While there is no disposition on the part of anyone to believe that the company is seeking to repudiate its agreement of several weeks ago to settle in full with growers for the loss suffered by them by reason of the inability of the company to provide a sufficient number of cars during four days of the great congestion of traffic in the vicinity of Chadbourn, nevertheless there is considerable comment upon the wording of vouchers sent out with checks by the Armour Refrigerator Line in settlement of the admitted claims, and growers are being advised by the attorney of the Fruit Growers' Association not to sign these vouchers and accept the checks until the Armour people are heard from further in regard to the construction they propose to put upon the clause in question which is more of a release than the growers are willing to give.

The question is whether the voucher releases the company from damages to any berries actually shipped from May 1st to May 4th, inclusive, but injured by delay in getting cars in time. The body of the voucher reads as follows:

"Payment in full for all claims whatsoever growing out of the shortage of cars in which to ship strawberries from May 1st to May 4th, 1905, inclusive."

The truckers understood that the settlement agreed upon was to include only damages to berries which were delivered to the transportation companies, and were not shipped for the lack of cars, the bills of lading for which have already been surrendered to the Armour Company.

The growers are advised by their attorney that these vouchers might release other claims. For instance, if berries were delivered to the transportation company at Chadbourn or any other point on May 1st at noon, and cars were supplied on May 2nd, or 3rd, and the berries were then shipped, arriving on the market damaged by reason of the delay in furnishing cars and were almost worthless; then that would be a claim "growing out of the shortage of cars," which would be released by the vouchers sent out by the company, but which was not contemplated in the agreement.

The growers are not advised to return these vouchers for correction, but the advice outlined above is given as to their effect. The Armour people have been asked to write a letter to the attorneys setting out the agreement reached, which was that the settlement was to cover only the damage to berries delivered to the transportation company and not shipped at all, and for which bills of lading have been surrendered, and that the vouchers are not intended to cover any other claims—upon receipts of a letter to that effect the attorneys state that they will advise the acceptance of the voucher checks just as they are.

J. O. Carr, Esq., attorney for the Truckers' Association, when seen last night, said that there was no cause for alarm upon the part of the growers, and that he expected by every mail a letter from the Armour people construing the wording of the voucher exactly in line with the truckers' understanding to the settlement. He thought there was no reason to believe that the Armour people were resorting to "sharp practice" and that when the ambiguity of the terms of release is explained, they will gladly correct the error.

Delightful Birthday Party.

It was a merry party of seventy-five young people who gathered last evening at the residence of Mr. and Mrs. A. S. Holden, 215 South Front street, to felicitate their daughter, Miss Bessie M. Holden, upon having attained her eighteenth Summer. The home was beautifully and profusely decorated with ferns and sprouts of long leaf pine, and the affair was quite a happy one for the popular young lady, and a most delightful one for her merry friends. Miss Holden wore a lovely dress of creme voile, trimmed with laces. Her presents were numerous and beautiful. Dainty refreshments were served during the evening.

Carried to Rowan.

John H. Marine, the Wilmington young man arrested here this week for some trouble he got into in Rowan county several months ago, was carried to Statesville by an officer from Rowan county yesterday. An effort by Geo. L. Peschau, Esq., to get a habeas corpus writ for the release of young Marine was abandoned.

Mayor's Court Yesterday.

In the Mayor's court yesterday Ed. Pollock, a negro charged with disorderly conduct on a street car, near Fourth and Campbell, was let off upon condition that he leave the city. Ed. Orrell, charged with being drunk was let off upon promise to pay all police court arrearages and to "swear off."

A PEMANENT ENCAMPMENT.

Gov. Glenn Impressed With Idea of A Fixed Place.

The military of the State will be interested in knowing that after a conference with members of his staff at the Seashore Hotel, Wrightsville Beach, on Thursday, Governor Glenn decided to appoint a committee to receive propositions from all resorts desiring to enter the contest for the establishment of a permanent camp site for the North Carolina National Guard. Present at the conference were Adjutant General T. R. Robertson, of Charlotte; Maj. J. L. Ludlow, of Winston, chief of engineers; Col. H. C. Bragaw, of Washington, commanding the Second Regiment; Lieut. Col. T. C. James and Adjutant J. VanB. Metts, of the Second Regiment, and Col. Walker Taylor, Col. Jno. F. Bruton and Capt Wm. F. Robertson, formerly of the National Guard. A correspondent of the Raleigh News and Observer writing from Wrightsville says:

"Governor Glenn is greatly impressed with Seagirt, the permanent encampment grounds of the New Jersey militia. He will go there with Gen. Robertson, Maj. Ludlow and Col. Wescott Robertson, and perhaps other members of his staff, as the guests of the Governor of New Jersey, July 11 and 12, during the Jersey encampment.

"Saturday, July 22nd, has been announced as Governor's reviewing day at the Wrightsville encampment, and Monday, August 7th, as Governor's day at the Charlotte encampment.

"Gov. Glenn's idea about permanent encampment grounds is that permanent and satisfactory buildings will be provided by the community desiring the grounds."

STOREBREAKERS AGAIN.

Entered Saloon of Wm. Sheehan, Sr., and Tried Another.

The store and saloon of Mr. Wm. Sheehan, Sr., at Twelfth and Market streets, was burglarized by unknown parties shortly before day-break Thursday morning. Entrance was gained by removing a glass window in front. A quantity of liquors and other goods from the store were stolen. The store was discovered open by a Mr. Elder, in the neighborhood, at the early hour and a report was sent to the police station, but Sergeant J. R. Hardee, Acting Sergeant E. Skipper and other officers who went to investigate, were unable to find a clue to the robbers. They found, however, that on the same night, a block distant, an attempt had also been made to enter the store of Mr. Herbert Steljes. A panel of a door had been almost cut out, when the burglars were evidently frightened off by the officers who came to investigate the robbery of Mr. Sheehan's place.

To Deport Wm. Simon.

Joe Simon, the well-known Syrian merchant of this city, who is now in New York, has telegraphed here for his brother, Wm. Simon, a half-witted young Syrian, who was recently sentenced to the roads for 30 days in default of a fine for disorderly conduct. The older brother has amassed a snug fortune, while in business in this city and is now on his way back to his Oriental home. He desires to carry back with him to the native land his half-witted brother, who gave him no end of trouble while they lived in Wilmington.

A number of witnesses have been summoned for the State, and an interesting trial is expected when the case comes up before Justice Furlong at 4 o'clock this afternoon.

END IS APPROACHING

District Court Adjourned Spring Term Will Likely Conclude This Afternoon.

THE TOLMAN BOND SUIT

Jail Sentence of Sampson County Man Remitted Upon Payment of Fine. Pension Case To-Day—Civil Suits Next Week.

All save one of the criminal causes on the docket have been disposed of in the Federal Court and a recess for the District term will likely be taken this afternoon, though it is certain that the hearing of some Circuit Court matters will be continued into the coming week. The one remaining case on the District Court docket is a pension matter in which Marion W. Tyson, W. C. Riddle and J. T. Bynum, of Cumberland county, are charged with a violation of Section 4746, Revised Statutes, with reference to the fraudulent obtaining of pensions from the government. The bill was found at the December, 1904, term of the United States Court at Newbern and was referred here for trial. The case is of some moment and some time will likely be required for its trial.

The following cases were disposed of during the session yesterday:

Annie Williams, white, Cumberland; retailing; verdict guilty; fined $100 and costs and sentenced to 30 days in jail.

M. Culbreth, Cumberland, retailing; verdict guilty; 60 days in jail, $100 fine and costs.

Steve Crump, Richmond, retailing; submitted; sentenced to 30 days in jail, $100 fine and costs.

Oscar Regan, Cumberland, retailing; dismissed; it appearing to the court that the defendant is dead.

Frank S. Rodes, violation postal laws, papers sent to northern district of West Virginia returnable to Elizabeth City, N. C.

King Locklear, Robeson, retailing; case continued.

Creasy Williams, Cumberland, retailing; verdict not guilty.

T. J. Gore, New Hanover, failure to obliterate stamp; case continued for defendant.

Colin Seals, Robeson, retailing; continued.

E. F. Bass and W. L. Taylor, New Hanover, failure to obliterate stamps; continued for defendants.

K. R. Raynor, Cumberland, illicit distilling; case continued for defendant.

Thos. C. Matthews, Cumberland, retailing; verdict not guilty.

Sentence of three months in jail in case of J. W. Dickson, Sampson county, was remitted upon payment of $200 fine and costs, the whole amounting to something over $300.

E. M. Dees, Jr., Cumberland, retailing; continued.

The grand jury came into court at 12:50 P. M. made report and were discharged with thanks. Forty-nine bills were examined, 36 of which were found true, seven not true, and six left open. Three presentments were made.

Circuit Court Cases.

Perhaps the most important matter to be heard in the Circuit Court at this term is the suit of D. H. Tolman, of Ohio, against the commissioners and other officers of Onslow county, to enforce payment of $2,200 interest on certain bonds issued by the county of Onslow for the building of the old Wilmington, Onslow and East Carolina railroad, now the W. & N. branch of the Atlantic Coast Line, which bonds, to the amount of $40,000, the county is seeking to repudiate by a suit in the State Court on the technical ground of the irregularity of the passage of the act by the General Assembly, authorizing an election upon the bond issue. The suit for the interest on the bonds raises at once the issue of the validity of the bonds themselves so that the outcome of the suit in the United States Court will really determine the question at issue in the State Court. A certified copy of the journals of the General Assembly upon the passage of the Onslow bond act has been taken with much other documentary evidence by Mr. Eugene S. Martin, of this city, to whom the matter was referred as special master by Judge Purnell. Special Master Martin has filed his report of the large amount of evidence taken and there is now little left but a review of the matter by Judge Purnell and argument by counsel. Rountree & Carr, of this city, and Frank Thompson, of Onslow, appear as counsel for Plaintiff Tolman and ex-Judge E. K. Bryan, of Wilmington; W. D. McIver, of Newbern, and Duffy & Kobnce, of Onslow, appear for the defendant county. The hearing will likely begin Monday morning.

An important land suit from Pitt county is also expected to be heard at this term.

Dan Teachey Case.

While at Wrightsville Beach Thursday, Governor Glenn heard further argument on the petition for the commutation of the death sentence of Dan Teachey, convicted in Duplin county, and condemned to die for the murder of young Robert Rivenbark, near Wallace, two years ago. J. T. Bland, of Burgaw; Maj. Jno. D. Kerr, of Clinton, and J. O. Carr, of Wilmington, were heard in behalf of the prisoner, and L. V. Grady, Esq., of Wilmington, against commutation. The Governor reserved his decision until next week.

For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

WAREROUSING COTTON IN THE SOUTH.

The New York Journal of Commerce says this concerning the plans for cotton warehouses throughout the South:

"While the plan broached in the Cotton Exchange of this city for having licensed warehouses in the South in which cotton may be held for delivery on sales made here is in abeyance, with little apparent prospect of success, there is a movement in the South for a local warehousing system the purpose of which is to hold cotton belonging to the planters from the market, with a view to distributing delivery on actual sales over the year and maintaining the price. The movement does not appear to be making much practical progress and is still in the stage of discussion, but something of the kind is likely to be worked out in the course of time. Two or three different plans are under consideration. One of these proposes large warehouses at a few central collecting and distributing points, to which the cotton should be sent from a wide tributary territory. To this the objection is raised that the planters and farmers would not send their cotton away to a distance without first actually selling it, and the benefit contemplated would not accrue to them. The plan of many independent local warehouses is objected to on the ground that a general concert of action is necessary to success, and it could not be secured without a central organization covering the whole field.

"The most promising plan seems to be that proposed before the Texas Bankers' Association at its recent convention by Judge Eugene Williams, of Waco. He would have a system of warehouses, one at each town marketing 1,000 bales or more, easily accessible from the surrounding country, but would have them owned and managed by a single corporation 'organized and controlled by the farmers, merchants and bankers of the cotton belt.' Among the advantages claimed for this plan are these: that it would afford a place of storage which would save much loss from 'country damage,' that it would stop the rush of cotton to market in the fall months, offer to spinners the needed grades and quantities and 'prevent speculation,' and that it would reduce insurance rates and provide available warehouse receipts, uniform in terms and backed by a warehousing company strong enough to guarantee them. It is also claimed that it would increase the deposits of local banks from the higher prices received by the planters, afford the best collateral for farmers' loans, diminish the rate of interest while increasing the bankers' profits, and encourage cotton mills in the vicinity of the warehouses.

"Whether all that is promised would be accomplished may be doubted, but most of the objects enumerated are worth working for, and with the growth of enterprise and increase of capital in the South it is to be expected that something will be done for establishing a more business-like system in marketing the cotton crop."

Of course, the warehousing plan of the Southern Cotton Association is a tremendous undertaking and it is too early to have accomplished anything of a practical nature yet. It will require an immense amount of capital, and general co-operation of not a united organization to carry it out. However, there are splendid apportunities for individual or corporate warehouses, and quite a number of them will be ready for business in various parts of the South this Fall.

THE PENDER CHRONICLE'S INDUSTRIAL NUMBER.

The Pender Chronicle, published at Burgaw by Editor C. E. McCullen, has gotten out a valuable industrial edition in which the advantages of Pender county are presented in an entertaining and impressive manner. It is an eight page paper, and every section of the county is written up, along with sketches of the leading spirits of each community and notices of the industrial and mercantile concerns in the county.

Besides the features above mentioned there are articles of general interest and notable among them sketches of Moore's Creek Battle Ground, of Revolutionary fame. There are a number of cuts of prominent citizens and distinguished men. With accompanying sketches there are photogravures of Congressman Chas. R. Thomas, Judge Oliver H. Allen, Representative Edmund A. Hawes, Jr., Rev. W. Franke Sanford, Rev. T. D. Johnston, Hon. Joseph T. Foy, Rev. M. C. Walton, and Editor C. E. McCullen and Business Manager A. B. Croom, Jr., of the Chronicle.

The industrial edition makes a fine showing for Pender county, which, by the way, is one of the most fertile in eastern North Carolina, and possesses agricultural resources unequalled in the trucking region. With rich lands for trucking and quick transportation to the Northern markets, there is great development ahead for Pender, and we have no doubt the Chronicle's industrial number will prove of great benefit to the section to which it attracts attention.

Editor McCullen is to be congratulated upon his enterprise in getting out an edition which has every appearance of having met the hearty encouragement of the people of Burgaw and the county generally.

CURRENT COMMENT.

—The Russian tax-payer will now understand what is meant by the term "innocent bystander." — Washington Post.

—Admiral Enquist decided to remain in Manila rather than go out on the ocean and have his name changed to Inquest.—Washington Post.

—Now that he has been threatened with assassination by a crank Mr. Fairbanks thinks that the public can no longer doubt his Presidential qualifications.—Atlanta Journal.

—It seems absurd that as busy a man as the Governor of North Carolina should be called on to give a hearing to attorneys for the gold brick swindlers in an effort to get the latter out of the place which is especially suited to them.—Charlotte Observer.

—The first suit against the Southern Railway growing out of the wreck of the Ogden party's train at Greenville is for $75,000, brought on behalf of Mrs. F. M. Cope for damages by the death of her son a brakeman on the train and the only white man killed in the wreck.—Charleston Post.

There is no way of estimating the undeveloped power of the country, but it is enormous to comparison to that which has been developed. This can be better realized from the fact that the powers about Charlotte undeveloped, but including the Catawba Power Company's plant, would supply 233,000 horse-power.—Charlotte Chronicle.

—In spite of the general lament that the Bible is no more read and studied as in former times, the British and Foregn Bible Society report in May that 6,000,000 copies of the Bible have been issued in 1905, showing an increase of 160,000 over the previous year. The complete Bible is now published in 100 languages, the New Testament in 94, and one book of Scripture in 196 more. Some 350,000 copies of the Russian and Japanese Scriptures have been distributed among the belligerents in the Far East.—New York Sun.

—Perhaps that "prominent New England minister" who is also an editor of an important magazine without having yet learned to keep his numbers straight or parse a sentence, and who is so surprised that Gaston county should want a hospital, will be interested to learn of the gift of Mr. Sprunt, of Wilmington, of $10,000 for a hospital for the colored race. The South can take care of its own—even of the child-like citizens whom it has been forced to support and educate as a matter of humanity and without return.—Raleigh News and Observer.

COTTON MARKETS.

New York, June 23.—The cotton market was less active and after selling at a new high level, with October reaching 9c., lost the advance under realizing, closing at a net decline of 2 to 5 points. The opening was firm at an advance of 3 to 5 points on evident buying orders and little bull support encouraged by very firm spot markets at all points, particularly at Liverpool where prices were 28 American points higher on sales of 8,000 bales. Liverpool futures were somewhat under expectations and the weather, with the possible exception of rather heavy rains in the vicinity of Little Rock, was favorable, but after some irregularity the market continued to advance and shortly after midday reached a net gain of 6 to 8 points on active months. Bulls were disappointed, apparently, that fresh stop loss orders were not uncovered at 9c. for October, and the market at this level met increased pressure from both accounts. Further fluctuations were very irregular but the market generally speaking worked downward and closed steady in tone but at just above the lowest of the session. Sales were estimated 375,000 bales.

SPIRITS TURPENTINE.

—William Tinkley Graves, son of Captain W. C. Graves, of Durham, was drowned Thursday while in swimming near Danville, Va.

—The Guilford Leather Manufacturing Company, of Greensboro, is authorized to increase its capital stock from $50,000 to $100,000.

—The State's prison has just sold 600 bales of its cotton for 9 cents a pound. The sale is about half of that on hand at the State farm.

—Joseph M. Clymer and Miss Emma Buchanan, who were divorced two years ago, were married again Thursday at the residence of the former wife near Greensboro.

—Raleigh News and Observer: The book to be issued, heretofore known as "Men of Mark in North Carolina," will not be issued under that name, but will be known as "A Biographical History of North Carolina."

—The new passenger train on the Bennettsville branch of the Atlantic Coast Line Railway, known as the Fayetteville and Sumter "shoe fly," began its schedule Monday, leaving Fayetteville at 4:30 o'clock in the morning, and returning at 11:30 o'clock at night.

—A charter was granted at Raleigh on Thursday to the Lillington Naval Stores Company, headquarters at Raleigh. It will build at Lillington a plant under a patent held by the Pine Belt Construction Company, of Raleigh, to make turpentine, tar, creosote, rosin and other products from pine wood; also to build and operate electric light and gas plants, to supply towns. The capital stock is $125,000. W. C. Douglas and others are stockholders.

—The brick and Tile Company of Wade, in the northeastern part of Cumberland county, has been incorporated, with an authorized capital of $25,000. It will operate an extensive plant, with ample material for making high-grade brick and tiling.

—Mr. A. McMillan, ass't engineer of the Raleigh & Southport Railway Company, left Fayetteville Wednesday for Lillington, carrying a force of hands to work on the part of the line now under construction.

—At a meeting of the board of trustees of Wake Forest College in Raleigh on Thursday night, Prof. William L. Poteat, of the college faculty, was chosen to succeed Dr. Chas. E. Taylor, who resigned as president of the institution. Dr. Taylor has been head of the institution for some twenty years and it was owing to feebleness that he decided to resign. Prof. Poteat has been professor of biology at Wake forest for a long time.

—Mr. J. P. Withrow, a well known merchant of Hollis and Ellenboro, Cleveland county, proposes to build a church at Hillis with tobacco tags. Every tobacco chewer can contribute his part to this cause. Instead of throwing away the tags, just drop them into your pocket, and forward thew to J. P. Withrow, Hollis, N. C. Mr. Withrow bought and sold $1,000 worth of tobacco tags last year, which fact will give a very clear idea of how easy it will be to collect enough tags to build a church.

—Charlotte Chronicle: The bankers and merchants of Maxton and the farmers roundabout, have organized a company to build a cotton warehouse with a capacity of 2,000 bales. A Mecklenburg farmer has built his own warehouse. These things show the tendency of the farmers to look after their interests more closely in the future than in the past. The warehouse idea is a good one and is spreading throughout the South. One day these smaller warehouses may become a part of an extensive system which will result in the practical control of the cotton crop and the maintenance of good prices.

—Charlotte Observer: It is said that the Yancey county commissioners have declined to pay interest on bridge bonds because the structure was not satisfactorily constructed. The owners of the bonds, who are residents of Ohio, had nothing to do with the bridge contract, having only paid cash for the bonds. If correctly stated, this is about the rankest instance of repudiation yet attempted in North Carolina. It is as if a man borrow money and make an unprofitable deal with a third party and refuse on that account to pay back the amount borrowed. The courts will in all probability decide for the bondholders.

—Rocky Mount Record: Mr. J. R. Braswell, manager of Gen. W. R. Cox's farm in Edgecombe county, was in the Record office yesterday and showed three cotton blossoms which were sent a few hour later to Gen. Cox, who will be married to-day, an announcement of which was recently printed in this paper. The lady Gen. Cox will marry has never seen a cotton blossom and the three mentioned were sent with a handsome bouquet of magnolias and cape jessamines which were gathered on the general's farm. Another feature of the cotton blossoms is that this is remarkably early for them in this part of the country, about the earliest we ever heard of.

—D. L. Arey, the large distiller from Salisbury, who was convicted at Charlotte of defrauding the government out of large sums of money in connection with his distillery and rectifying plant, will pay to the government $25,000 in fines and confessed judgment. The jail sentence of two months which is a part of the original sentence has been deferred until the October term of the Federal court at Greensboro because of the health of the defendant. Arey's physician states that he is a victim of heart disease and that confinement now may endanger his life. Five thousand dollars of the total $25,000 has been handed to Clerk Cowles, of the Federal court, and the defendant states that the remainder will be paid before court convenes in Greensboro in October.

—Charlotte Observer: Mrs. S. E. Stine, of this city, through her attorneys, Stewart & McRae, has begun action against the Southern Railway, to recover $10,000, because of personal injuries received on account of alleged negligence on the part of the defendant's employes. The summons was issued yesterday morning. The facts in the case are about as follows: Mrs. Stine and two children, left Charlotte for Roxboro, on the morning of June 10th. They bought tickets to Durham, and the conductor allowed them to be carried by that place on to Raleigh, where they had to spend the entire night in the depot. They were taken back to Durham the next morning, but as it was Sunday, there was no train to Roxboro. They remained at the Durham depot the greater part of the day, being invited in the afternoon to spend the night at the home of a friend. They were not able to get to Roxboro until the next day.

THE POWER OF STEAM,

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at R. R. Bellamy's drug store, price 50c. and $1.00 a bottle. Huge Task.

It was a hugh task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach, Guaranteed by R. R. Bellamy, druggist; price 50c. **

A Bad Scare.

Some day you will get a bad scare, when you fell a pain in your bowels, and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure cure, for all bowel and stomach diseases, such as headache, billiousness, costiveness, etc. Guaranteed at R. R. Bellamy's drug store, only 25c. Try them. **

No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at R. R. Bellamy's drug store.

Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the bulk coffee he sells you. How can he know, where it originally came from, how it was blended—or with what—or when roasted? If you buy your coffee loose by the pound, how can you expect purity and uniform quality?

LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. FOR OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get one full pound of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)

CURE YOUR KIDNEYS

Do Not Endanger Life When a Wilmington Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy, or Bright's disease sets in. Read this Wilmington testimony:

"B. R. King, the well-known policeman, residing at 706 Wooster street, says: "I had terrible pains in my back which worked around to my side and in my stomach, so bad at times that it laid me up. I used internal medicines and they did not help me. I put on plasters and rubbed with liniment, and none of them helped me at all. Seeing Doan's Kidney Pills recommended, I got a box of them at Bellamy's drug store. The next day after commencing to use them I noticed relief. Since using two boxes of them I have not had an ache or a pain in my back. It is with pleasure that I add my name to those endorsing the claims made for this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

JUSTICE THREATENS EQUITABLE CRIMINALS

District Attorney Jerome Holds Open Criminal Court to Prosecute If There Are Grounds.

By Wire to The Morning Star

New York, June 23.—The regular Summer vacation of the court and of thec riminal branch of the Supreme Court of General Sessions will be suspended this year so that the courts may be available if District Attorney Jerome begins prosecution in connection with the affairs of the Equitable Life Assurance Society. This action was taken upon the request of District Attorney Jerome.

District Attorney Jerome in making his motion to suspend the court's vacation, said he had a letter from Governor Higgins offering to place the evidence obtained by Superintendent of Insurance Hendricks at Mr. Jerome's disposal. Mr. Jerome added: "It is my desire to have that evidence and it is my intention to go through it very thoroughly. The widespread attention called to this matter makes it mandatory upon me to make an examination of the whole affair. I am not in a position to know at this time whether there has been a violation of the law, but it is my duty to find out."

Attorney General Julius M. Mayer was at his office in this city today engaged in going over the proceedings in the investigation of the Equitable Society. He said action would be taken as soon as physically possible. He was of an opinion that separate actions would be taken, one for the restitution of funds wrongfully elicit and another for the debarment proceedings against officers of the society. In commenting on this phrase of the situation, Mr. Mayer, said:

"This is a novel action. Under the insurance laws the Atorney General has power to debar officers of an insurance company who have been found derelict in their duty and this debarment not only precludes them from holding positions as officers but also debars them from acting as directors."

AMBASSADOR REID

First Public Appearance in England Last Night—Notable Speeches On the Occasion.

By Cable to The Morning Star.

London, June 23.—Whitelaw Reid, the American Ambassador, made his first public appearance as ambassador tonight at a dinner given in his honor by the Pilgrim's Society of London. The gathering included many of England's most famous men with a sprinkling of American residents of London.

Lord Roberts in proposing a toast to King Edward and President Roosevelt made a complimentary reference to President Roosevelt's efforts to end the war, which was received with cheers.

To Premier Balfour was left the task of proposing the toast to the guest of the evening. Mr. Balfour said that the sentiments with which they regarded the American ambassador were different from those meted out to the representative of any other power. The American ambassador represented not an alien power but a Britain was proud an whose progress Britain was proud and whosep rogress Great Britain had watched with interest. Referring to the peace negotiations Mr. Balfour said President Roosevelt had taken the right time and used exactly the right means of initiating negotiations which every man in Great Britain and every man in the civilized world desired should end in the termination of the war.

Ambassador Reid, who was personally known to most of those present, received an enthusiastic reception on rising to reply.

Mr. Reid remarked that the business of keeping up the struggle to secure friendly relations between the two countries was no longer as urgent as formerly.

"One supposes there must be something people still think we are likely to disagree about because there are constant hopes that we wont. Who in this room can think of any subject the wide world round in which Great Britain and America have real causes for serious differences or dispute?"

Mr. Reid said that more intimate knowledge of each other was the only guarantee of perpetual peace we need. He spoke of the coming visit of Lord Roberts to America and predicted for him an enthusiastic welcome. Mr. Reid closed by saying:

"Whatever brings the church and philanthropy of the two countries together clasps the whole English speaking family on whatever continents or land it may be scattered in a single bond, the strongest that has ever held them, or ever will, the bond of the historic reverence of the race for conscience and duty."

Sir Henry Irving read a poem written for the occasion by Alfred Austin, the poet laureate. The last stanza reads:

"Our homes be one wherever we abide,
Ours, yours, yours, ours, a free-giv'n time-long lease,
Bound by no fragile parchment, but allied
By tearless love in world-embracing peace."

BAPTIST MINISTER MURDERED.

Shot Down In His Field for Hiring Negroes.

By Wire to The Morning Star

Charleston, S. C., June 25.—A special from Conway, S. C., says H. D. Granger, a local Baptist preacher, was shot from ambush and killed while working on his farm near here today. He lived in the district known as "The Dead Stretch" where it is said that negroes are not welcome and the only explanations of his death is that he had hired two negroes to work on the farm and protected allowing them to sleep on his premises. Granger was respected and had many friends but appears to have angered a certian elemnt that had made it a risky thing for a negro to enter the "Dead Stretch," which is said to lie between Bayboro and Loris. Bloodhounds have been sent for and the authorities are evidently intending to track the assassin if possible. Coroner Burroughs, of Conway, has gone to the scene of the tragedy.

ARMY OF THE CUMBERLAND.

War Veterans to Hold Reunion in Chattanooga.

By Wire to The Morning Star

Chattanooga, Tenn., June 23.—The executive committee of the Society of the Army of the Cumberland has fixed as dates for the re-union of the society in Chattanooga September 18, 19 and 20, the anniversary days of the great battle. The re-unions of the Wilder brigade and other associations of the Army of Cumberland will be held on the same dates. The railroads have granted reduced rates.

NO ARMISTICE IS PROBABLE

Unsuccessful Efforts to Get Belligerents to Agree to Stop Fighting

BOTH JAPAN AND RUSSIA FIRM

Fighting Continues With Repulses for Russians—Owing to Protests from Great Britain Meddlesome Cruisers Been Recalled.

By Cable to The Morning Star.

Tokio, June 23.—The following official dispatch has been received today from the headquarters of the Japanese armies in Manchuria:

"In the vicinity of Yinge Cheng June 21, 1,0000 of the enemy's infantry pressing our scouts advanced and when they reached Hsiangyangcheu, ten miles southeast of Wankautzkeau our forces repulsed them with heavy loss and pursued them to the vicinity of Weiyuanpaomen.

"After our force which occupied Yangmulintzu June 19 and completed their mission, they returned.

"The enemy consisting of three battalions and four squadrons with twelve guns advanced through the eastern districts of the Kirin Road and moved southward June 21. From 11:30 in the morning his infantry gradually appeared on the heights between Chapengan and Lichiatun and his artillery posted on the heights of Linhuacheis shelled the northern heights of Nantchendzy. Our force after a few hours engagement assaulted this offensive and completely repulsed the enemy, captured the heights and pursued him.

"Otherwise the situation is unchanged."

Russia Against Armistics.

St. Petersburg, June 23.—There is not likely to be any further move in the direction of an armistice until the plenipotentiaries are appointed and the time of their meeting is definitely fixed. Japan seems unwilling to discuss any new issue until these two questions are settled.

Hope of Peace Weakening.

Gunshu Pass, Manchuria, June 23.—The Japanese are no longer pressing the Russians South and doubt is now entertained as to whether the weak offensive is the precursor of a big battle or a diplomatic maneuver. Belief in the prompt conclusion of peace is weakening. The heat is intolerable. Even the nights afford little relief.

Grand Duke Alexis Marked for Slaughter.

St. Petersburg, June 23.—A story is current in the city that the day before Grand Duke Alexis resigned the post of High Admiral, he received a formal warning from the terrorists informing him that unless he retired within twenty-four hours sentence on him would be passed and executed.

To Hold-Up Two Cruisers.

St. Petersburg, June 23.—In consequence of British representations, British warships will be dispatched to convey orders to the Russian auxiliary cruisers Dneiper and Rien to cease interference with shipping and to return immediately.

Little Chance of Armistice.

Washington, June 23.—Mr. Takahira, the Japanese minister called at the White House tonight where he was received by the President and remained for three quarters of an hour. The minister would have nothing to say about his conference or the situation at this time, beyond remarking "some matters must be settled first," when asked about an armistice. The fact that the minister could give no assurances regarding an armistice prior to the convening of the Washington conference tends to confirm the belief in official circles here that little headway has yet been made by the President in this direction. It has all along been understood that the Japanese would be unwilling to grant an armistice at this time unless thoroughly assured that Russia was seriously desirous of peace. Whether such assurances have been forthcoming is not known.

Russian Wounded at Manila Paroled.

Washington, June 23.—In response to a request cabled the War Department by the Governor General of the Philippines in behalf of the Russian Admiral Enquist to be allowed to return his sick and wounded officers and men upon giving their parole not to engage in hostilities during the war, and to be allowed to bring certain material for repairing damaged ships, the Secretary has sent the following cablegram:

"You may allow Russian admiral to embark his sick and wounded officers and men on Russian hospital ship, daily expected, upon their giving parole not to engage in hostilities during the war. You may also allow them to bring from Shanghai material for repairing vessels other than munitions of war, such as cordage, sail cloth, waste and oil, for machinery, etc., but the vessels are still to remain in internment."

WARM WIRELETS.

Pierce Moberly, the negro who killed E. C. Jones near Meridian, Miss., Saturday, has been captured near Robert's Mills, west of Meridian and lynched. The body was found swinging to the limb of a tree riddled with bullets.

Mrs. Mary M. Rogers, who was to have been hanged yesterday for the murder of her husband, has been released from solitary confinement and permitted to mingle with the other women prisoners at the State prison. This privilege was on account of an appeal to the Supreme Court.

All the obstacles which have prevented an ending of the Chicago Teamsters' strike last night appeared to have been eliminated, and indications are that unless something unforseen develops, the strik will cease with a short time. At a meeting the Employers' Association agreed to withdraw its demand for the elimination of the union button, thus removing the last objection of the strikers to the terms of settlement.

For the second time this week, John W. Hill, former chief of the Philahedphia Bureau of Filtration, was arrested yesterday on charges of forgery and fiasifying certain books and papers for the purpose of defrauding the city of Philadalphia. After a hearing last nearly six house, he was held in $2,000 bail for trial. His arrest was a great surprise. Evidence was produced tending to show that estimates of the work done by Daniel J. McNichol, a contractor, were padded and the city was defrauded out of about $40,000.

Christiania, June 23.—The feeling aroused in Stockholm against King Oscar and the Swedish government has caused some uneasiness here. There is anxiety last the Riksdag should yield to this feeling and revoke the conciliatory policy outlined by King Oscar, but among those best informed, it is believed that the majority of the Riksdag will remain firm and follow up the policy of peace.

ALARMING SITUATION IN RUSSIAN POLAND

Sixty Thousand Strikers Barricaded In Streets Charged by Troops—Ffty Killed and 200 Wounded.

By Cable to The Morning Star.

St. Petersburg, June 24.—3:15 A. M.—According to advices received here, the situation in Poland is again exceedingly serious. Censored dispatches from Lodz, though giving few details, indicate that fierce street fighting was in progress yesterday between the military and the striking workmen, who barricaded the thoroughfare in various quarters of the city and offered resistance which the troops met with volleys. The list of the dead and wounded presumably is heavy, but not even an estimate has been received here. Russian correspondents telegraphing that the streets are entirely in the hands of the military and the mob, and that it is unsafe to venture out to obtain details.

Lodz has been in a turmoil for the past three days. The strike which embraces 60,000 workers appears to have entirely lost its economic nature, and is now a vast political manifestitation. All form of public business activity have been suspended, the peaceful inhabitants remaining in doors in fear of their lives. The political zeal of the manifestants has become inflamed by intoxicants from the vodka shops, which were broken into and pillaged yesterday. At Warsaw a strike has commenced and disorders are looked for, and the trial of Okrjey, who threw a bomb at a police station, March 26th, will probably result in other bomb outrages. Allan was arrested yesterday, armed with a bomb which was evidently intended to be used in court during the trial yesterday.

Lodz, Russian Poland, June 23.—Troops have stormed the barricades erected in the streets by the strikers. Fifty persons have been killed and 200 wounded. Martial law will be declared.

CHINESE TRADE IMMENSE

In Past Nine Months It Has Been $21,000,000 Against $3,000,000 Previous Fiscal Year.

By Wire to The Morning Star

Washington, June 23.—Chinese immigration to this country and the execution of the Chinese exclusion laws, constituted the principal topic of discussion, at today's meeting of the cabinet. The President made it clear at the meeting to-day that he was determined that the Chinese should have fair treatment, under the law, whenever they applied for admission to this country at any port.

Secretary Hay will take action on behalf of this country, to correct any misapprehension that may exist in China as to the too harsh enforcement of the Chinese exclusion laws. There is no disposition to exclue from the country any of the classes of Chinese who are exempt from the operation of the exclusion laws.

Secretary Metcalf pointed out that the United States trade with China in cotton goods alone, for the ten months of the present fiscal year has aggregated $21,000,000, as against $3,000,000 for the previous fiscal year. He hoped this trade would not be disturbed through any misunderstanding and expressed the belief that it would not be.

DUN'S WEEKLY TRADE REVIEW.

Farming Outlook Favorable—Business and Manufacturing Excellent.

By Wire to The Morning Star.

New York, June 23.—R. G. Dun & Company's weekly Review of Trade tomorrow will say:

Seasonable weather in most sections of the country has done much to stimulate flagging retail trade in light weight wearing apparel and great ly improved the entire business situation by accelerating the maturity of agricultural products. A few more weeks of favorable climatic conditions will put large quantities of grain beyond danger while late planted corn and cotton are rapidly recovering lost ground. These are the most important influences at this season of the year, jobbers advance orders being largely dependent upon local conditions.

In the leading manufacturing industries there is less idle machinery than is customary at this time of inventories, especially at plants making textile fabrics, despite the fact that prices of raw materials are somewhat inflated. Labor controversies are not disturbing, building operations are numerous for the month and involve a greater amount of capital at this time for several years. Railway earnings for June thus far exceed last year's by 8.1 per cent.

Failures this week numbered 195 against 277 last year.

PARIS EXCITED OVER SITUATION

Relations with Germany Exceedingly Strained and Public is Very Apprehensive.

PANIC ON BOURSE YESTERDAY

Germany Not Satisfied With France's Note About Moroccan Controversy—Hostile Disposition of Troops on the Border.

By Cable to The Morning Star.

Paris, June 23.—An official communication issued after the meeting of the council of ministers to-day, says Premier Rouvier acquainted his colleagues with the status of the negotiations with Germany. These follow the normal course without change.

In spite of the reassuring tone of the official communication public uneasiness was accentuated over the strained relations between France and Germany. This produced a panicky sentiment on the Bourse where heavy offers of rentes sent down prices to the unusual figure of 97.90.

Parliamentary circles also continued to show a feeling of nervousness and apprehension. This was increased by the publication in the sensational afternoon papers of maps showing the disposition of the French and German military forces along the frontier accompanied by interviews setting forth the gloominess of the situation and the belief that Germany's reply to the French note would increase the difficulties of the government. The officials here fully recognize the condition of public apprehension and while admitting that the negotiations are in a delicate stage insist that there is no cause for alarmist views.

Germany Not Satisfied.

Berlin, June 23.—The French note on the subject of the proposed Moroccan conference was handed to the foreign office this morning. The foreign office while declining to discuss the points of the note in detail admits that it leaves the situation where it was before. The points of disagreemnt between Germany and France have not been removed. It is expected that the negotiations will continue for a long time before a positive result is reached.

SOUTHERN TO BUILD TWO LINES.

Railroad from Marion to Johnson City, Tenn., Projected.

By Wire to The Morning Star

New York, June 23.—Plans are already underway for the construction of two new lines for the Southern Railway both of them running in a northwesterly direction from Western North Carolina to Eastern Tennessee. Samuel Spencer, president of the road, said to-day that the lines were intended to accommodate the growing business, especially in timber in that territory.

"The Johnson City Southern Railway," said Mr. Spencer, "is intended to shorten the line from Johnson City, Tenn., to Marion, N. C. The company which will build the line has just been incorporated. The second line is to make a connection between Marysville, Tenn., to Bushnell, N. C. This route will not penetrate Rabun Gap as reported. It will pass through another gap in the mountains."

Mr. Spencer said that the Southern Railway had no interest in the construction in the Caldwell and Northern Railway and contemplated none.

Officers and directors of the Southern Railway are among the incorporators of the Johnson City Southern Railway Company. The road will run from Marion, N. C., in a northwesterly direction along the North Fork of the Catawba river and then down to the Tennessee boundary, a distance of 71 miles, to Johnson City, Tenn.

"Sheriff Pearsall, of Harnett, with six deputies, went out about six miles from Dunn last night to arrest Wm. Henry Smith, a negro who escaped from the chain-gang of Wayne county several years ago.

"The sheriff's posse surrounded the house, when the negro made a dash for liberty and escaped amid a hail of bullets. During the firing by the posse one of the deputies, Geo. Bass, aged 30 years, was shot in the head and body. Sixteen BB shot were found in different parts of his body. He lived about 10 minutes after being shot. Mr. Bass leaves a wife and one child.
